**Re: WC Docket No. 14-58
2015 ETC Annual Report of Twin Lakes Telephone Cooperative Corp.
Study Area Code 290579
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Twin Lakes Telephone Cooperative Corp. (“Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. Pursuant to Section 54.313(a)(1), Rate-of-Return Eligible Telecommunications Carriers (“ETCs”) must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan (“Progress Report”) which is contained in the attachment to the 2015 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company’s Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313(a)(1).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

Twin Lakes Telephone Cooperative Corporation’s demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

As a Cooperative, and in accordance with Tennessee Code Annotated, Title 65 Public Utilities and Carriers, Chapter 29 Telephone Cooperatives, **Twin Lakes Telephone Cooperative Corporation** (“Cooperative”) is not governed by the Rules of the Tennessee Regulatory Authority for service quality standards and consumer protection rules. However, the Cooperative in the interest of protecting its own customers has incorporated consumer protection procedures comparable to those required of ILEC’s in the State of Tennessee, allowing the Cooperative to meet or exceed existing TRA rules. These procedures include, but are not limited to, the following: (1) publishing the rates, terms, and conditions of service; (2) implementation of anti-slamming and

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

consumer protection procedures; (3) modeling bill presentation to reflect the truth-in-billing requirements; and (4) CPNI, Red Flag Rules, and other applicable federal requirements governing the protection of customers' privacy.

The Cooperative is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

Twin Lakes Telephone Cooperative Corporation’s demonstration of ability to function in emergency situations for voice and broadband services:

Twin Lakes Telephone Cooperative Corporation (“Cooperative”) hereby certifies that it is able to function in emergency situations as set forth in Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2).¹ The Cooperative’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Cooperative can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Cooperative to manage traffic spikes throughout its network, as emergency situations require.

As a Cooperative, and in accordance with Tennessee Code Annotated, Title 65 Public Utilities and Carriers, Chapter 29 Telephone Cooperatives, the Cooperative is not governed by the Rules of Tennessee Regulatory Authority, Chapter 1220-4-2, 1220-4-2-.23 Emergency Operation. However, the Cooperative is in compliance with all Federal emergency situations rules, since the Cooperative’s central offices have adequate provision for emergency power. In addition, these backup power provisions also enable the Cooperative to meet or exceed existing TRA rules for emergency operations. Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Cooperative has battery backup at all office locations and in its electronic equipment sites. Length of run time

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

is determined by the equipment serving the area and the number of customers working out of the equipment. The Cooperative's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

If your Service is terminated for any stated reason, including without limitation violation of your Agreement, including these Terms and Conditions, or because of any improper use of the Service (such as, but not limited to, your attempts to disrupt or misuse the Service or your acts or omissions that violate any acceptable use policy of Twin Lakes or of a third party provider to which Twin Lakes is subject), you will be responsible for the full month's charges to the end of the current term, including without limitation unbilled charges, disconnect fees, and equipment charges as set forth herein these Terms and Conditions, all of which immediately become due and payable. Expiration of the term or termination of the service does not excuse the Customer from paying all unpaid, accrued charges due in relation to the Agreement. Failure to pay the full bundle price in any calendar month is grounds for automatic termination of the bundle, and applicable Early Termination Fees, equipment charges, and other fees and penalties may apply.

4. CUSTOMER RESPONSIBILITIES AND LIMITATIONS ON LIABILITY

a. Prohibited Uses

You agree to use the Services only for lawful purposes. This means that you agree not to use them for transmitting or receiving any communication or material of any kind when in Twin Lakes' sole judgment the transmission, receipt or possession of such communication or material (i) would constitute a criminal offense, give rise to a civil liability, or otherwise violate any applicable local, state, national or international law or (ii) encourages conduct that would constitute a criminal offense, give rise to a civil liability, or otherwise violate any applicable local, state, national or international law.

g. **Content**

You are liable for any and all liability that may arise out of the content transmitted by or to you or other Users of the Services. You shall assure that you or other Users of the Services will at all times comply with all applicable laws, regulations and written and electronic instructions for use. Twin Lakes reserves the right to terminate or suspend affected Services, and/or remove your content, or the content of other Users of the Services, from the Services, if Twin Lakes determines that such use or content does not conform with the requirements set forth in this Agreement or interferes with Twin Lakes' ability to provide Services to you or others or receives notice from anyone that your use or content, or the use or content by other Users of the Services, may violate any laws or regulations. Twin Lakes' actions or inaction under this paragraph shall not constitute review or approval of your content, or the content of other Users of the Services. To the extent court action is initiated to enforce an arbitration award or for any other reason consistent with the Mandatory Arbitration provision herein, you and Twin Lakes agree to submit to the personal and exclusive jurisdiction of the courts located within the state of Tennessee and waive any objection as to venue or inconvenient forum. The failure of Twin Lakes to exercise or enforce any right or provision of the Agreement shall not constitute a waiver of such right or provision. If any provision of the Agreement is found by a court of competent jurisdiction to be invalid, the parties nevertheless agree that the court should endeavor to give effect to the parties' intentions as reflected in the provision, and the other provisions of the Agreement remain in full force and effect. You agree that regardless of any statute or law to the contrary, any claim or cause of action arising out of or related to use of the service or the Agreement must be filed within one (1) year after such claim or cause of action arose or be forever barred.
